3. BINDING TERMS OF SERVICE, MANDATORY 7-DAY RETURN & SUPPORT-FIRST CONDUCT

3.1 Scope of Service & Human-Approved Sending: STPi provides automated job-board discovery across 21 African markets (35 board families / 76 endpoints), AI-assisted cover-letter drafting, and 12-design A4 CV packaging. Every outbound job application requires explicit human approval by the Customer (or authorized seat operator) and dispatches through the Customer's own verified mailbox. STPi never fabricates candidate qualifications and does not guarantee job interviews or employment offers.

3.2 Mandatory 7-Business-Day Wet-Ink Execution & Original Preservation: Within **seven (7) business days** of making any payment, the Customer must print this Agreement, complete all fields and signatures by hand in ink, scan all pages, and email the signed copy to **simalidudu@gmail.com** (cc: **tafadzwamchikanya@gmail.com**). The Customer must **preserve and safeguard the original physical wet-ink signed contract** for the entire duration of service plus twenty-four (24) months and produce it upon request by STPi. Failure to submit the signed scan within 7 business days or failure to preserve the physical copy entitles STPi to pause or suspend workspace access until cured.

3.3 MANDATORY SUPPORT-FIRST & PUBLIC NON-DISPARAGEMENT CLAUSE (IMMEDIATE REMOVAL POLICY): The Customer expressly agrees that if any technical issue, setup question, mailbox error, billing question, or operational confusion arises, the Customer **MUST contact STPi Official Support FIRST** (via WhatsApp `+263 78 460 0904`, Email `simalidudu@gmail.com` / `tafadzwamchikanya@gmail.com`, or the workspace `#Help` desk) and allow STPi a reasonable opportunity to resolve the matter. The Customer agrees **NOT** to panic, apply unverified third-party internet advice that breaks workspace configuration, or post complaints, accusations, or support disputes on public social media, public forums, or review platforms before contacting STPi Support first. **STRICT REMEDY: If STPi discovers that the Customer has gone to the public before contacting STPi Support first, STPi will immediately remove the Customer, revoke all workspace and licence access without refund, and permanently terminate this Agreement.**

3.4 Credentials, Privacy & Licence Integrity: The Customer's private workspace URL (`/t/...`) and Sovereign licence key (`STP1.*`) are confidential and non-transferable. Redistribution, public posting of private tokens, or unauthorized seat sharing terminates access immediately.
